Software engineer

I am passionate about continuous improvement and professional development. At work, I focus on expanding my competencies, particularly in programming on the .NET platform. I strive to achieve the role of a senior developer and eventually a project manager in the IT industry. I eagerly take advantage of every opportunity to develop my skills.

Skills

- **C#**
- **.NET**
- **.NET Framework**
- **Backend development**
- **Entity Framework**
- **SQL**
- **C/C++**
- **Python**
- **Confluence**
- **Git**
- **BitBucket**
- **JS / HTML / CSS**
- **Java**

Languages

- **Polish - Native**
- **English - Advanced**
- **German - Communicative**

Hobby

- **Embedded systems**
